Archives Journal Club draws on the American Medical Association's vast network of editors, reviewers, and specialist physicians to identify the most important articles in the world literature relevant to the treatment of women patients—not only from the weekly *JAMA* and the AMA's nine primary-source *Archives* specialty journals, but from more than 50 other journals from around the world. The *Journal Club* presents a "windows approach" to the medical literature by providing structured summaries of the selected articles, with a clinical conclusion by a specialist in that area that attempts to address the more practical implications of the article.

Visit the World Wide Web

By virtue of receiving each issue of *Archives Journal Club*, you participate in a "virtual journal club" with thousands of members. The complete text of *Archives Journal Club* is available on the World Wide Web as well as in print. To access the *Journal Club* on-line, simply use your PC and modem to reach the Internet. Commercial online services such as America Online, CompuServe, and Prodigy provide Internet browsers, or you may use your own browser software such as Netscape Navigator.

The address for the American Medical Association's Web site is <http://www.ama-assn.org> Click on the *Archives Journal Club/Women's Health* icon to scan the full text of the latest issue. You are also welcome to browse the site for other medical information from the AMA including the latest abstracts from the AMA scientific journals, Medical News Briefs from *American Medical News*, information about AMA membership, the Federation directory, and more.

Ordering Full Text of Articles

Most of the journals from which *Journal Club* articles are selected participate in one or more document delivery services. Full-text copies of the original articles are available through the following sources. Per-copy charges for these articles are established by the individual publishers, not by the AMA or the *Archives Journal Club*.
